**Möbelfakta**

Fjell is a conference chair with a sleek outside and a soft inside. The chair's detailing tells a story of quality and classic well-constructed soft formal meeting chair. The chair is available in a variety of different bases and different backrest heights. One might say; the lower the back, the more informal space.

Fjell follows whether you are taking the lead, or leaning back.

The Fjell collection is now even more flexible. Get ready to transform rooms with three leather details for the armrests, and five color coating options.

★ **Leather detailing is available for the armrest.**

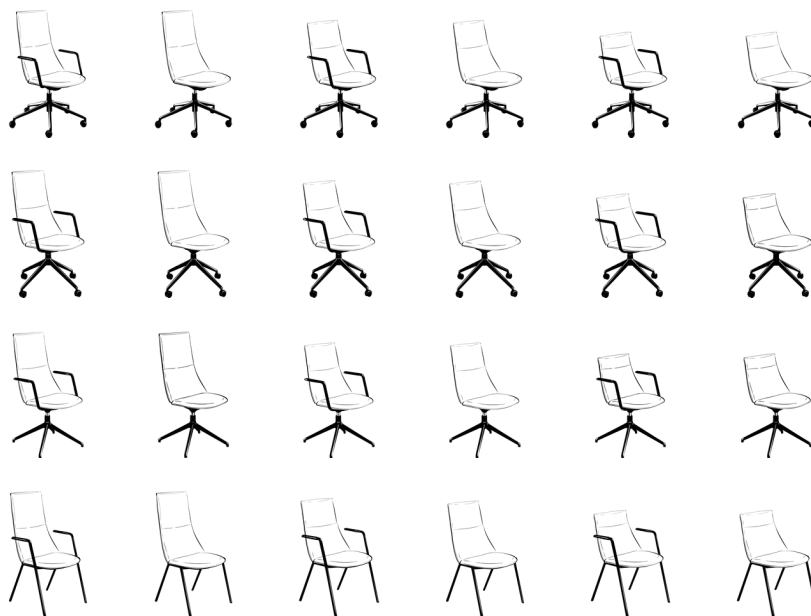

★ **Available in three different back heights.**

★ **Structured powder coating provides high wear resistance and longevity.**

## Technical information:

- The seat and back are made of wood laminate with cast cold foam.
- The back is available in three different heights.
- An aluminum bracket that provides a gap between seat and back for easier cleaning.
- The armrest has a steel bar and the cast aluminum armrests,
- Armrests are offered with and without leather
- 4 legs: Sahara Collection structured coating and plastic slides.
- 4-star base: tilt, swivel and auto return. Glides in black plastic.
- 4-star base with tilt, swivel and wheels: Soft track, self-braking without load. Wheels are in black plastic.
- 5-star base tilt, swivel with wheels: lockable in upright position. Wheels with soft track, self-braking without load. Wheels are in black plastic.
- Fjell are certified with Nordic Ecolabel with textiles that are EU Ecolabel certified.
