Kvart - a timeless and effortless table system

The base design allows the Kvart series to offer many table types, from smaller project rooms to large canteens or meeting rooms with wider tables. The column of the table has an internal room to hold cabling for a clean and tidy look.

Kvart has got its name from the column's profile which indicates four directions. The shape adds that the base can be both a T- and X-feet as well as the wider H-base for extra Width.

★ **An innovative table system that allows familiarity from meeting rooms and lounges to the canteen**

★ **The aluminum base can be colored to match the table top**

Technical information:

- Base in cast aluminum. Adjustable plastic gliders.
