

Tind chair

Tind chair

**Tind chair is
designed by Lars
Tornøe for Fora Form**

Tind is a petit and enclosing chair with round organic shapes and recognizable details from the Fjell chair.

The family also consists of two length sofas. The sofas and chairs are both available in high and low backs. The low back gives an inviting open sofa and the high back provides a shield to the inside of the sofa.

Tind was designed by Lars Tornøe. Like the conference chair Fjell, Tind draws inspiration from mountains that plunge down steep hillsides. The contrasts between the precise exterior of the sofa and the soft interior come from the naturally created rooms found in Norwegian mountain scenery.

★ **En omsluttende stol med god skjerming, og evnen til å lage rom-i-rom.**
