# Kvart

**Kvart is designed by  
Lars Tornøe for Fora  
Form**

Kvart - a timeless and effortless table system

The base design allows the Kvart series to offer many table types, from smaller project rooms to large canteens or meeting rooms with wider tables. The column of the table has space for cables to ensure a clean and tidy look.

Kvart has got its name from the column's profile which indicates four directions.

The four lines prolongate into a T and X base and even a H base for extra width.
