

# Colonnade

# Colonnade

**Colonnade is  
designed by Komplot  
Design for Fora Form**

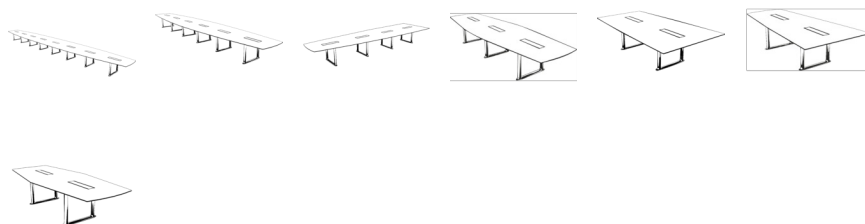

Colonnade tables are designed by Poul Christiansen and Boris Berlin. Colonnade gets its name from Roman columns. The inspiration is clearly visible in the base that carries a 12mm compact laminate table top. Colonnade is an elaborate table system for meeting rooms with countless shapes. The table can be fitted with an integrated cable well (C-box) that facilitates everything within technology. Organic and soft shapes, beautiful and functional, yet anonymous.

## **Technical information:**

- 12 mm compact laminate / solid HPL, black core.
- other sizes and geometries upon request.
- C-box 4 el. sockets , 4 network, 2 USB, 1 HDMI, 1 VGA, 1 audio
- T and U-base in moulded polished aluminium.
- Adjustable plastic glider
