

Root

Root

**Root is designed by
Runa Klock for Fora
Form**

The designer Runa Klock has used nature and the beautiful curves of roots as inspiration for Our table Root. The unique shapes that emerge when their trees root elegantly over each other clearly come to an end in the chassis design.

Root consists of six tables of different shapes, sizes and heights. Common to all tables is that they are at lounge height. The shape of the tables complements each other and can be used alone or in a combination.

★ **Root is a series of playful small lounge tables that play at different heights, materials and organic shapes**

★ **The base of the tables is inspired by the roots' ability to always find a way - over or under each other to achieve stability.**
