

Dwell

by Mattias Stenberg

Dwell,- an organically shaped timeless chair with design references from the 20s and 30s. A chair that with its enveloping shape provides warmth and safety into the meeting room, or the rocking playfulness in a breakout zone.

Great function, combined with well thought out design makes Dwell a perfectly comfortable chair. Dwell is a spacious chair that provides room to shift positions and with armrests that gives you a feeling of being protected.

Dwell has several types of bases; from the fun rocker base, the sled base with an unexpected twist and a star base that gives optimum conference comfort. These variations allow the chair to act as a solo artist or play with multiple chairs without stealing all the attention. Small, customized touches will make a big difference to the chair's expression. The chair series allows for custo-

mized color coated bases, and of course Fora Forms range within fabric alternatives. A chair that can live from lounge to conference.

Mattias Stenberg

Studio Mattias Stenberg is one of Scandinavia's most renowned designers with several international design awards. Based in Stockholm, Studio Mattias Stenberg is Fora Form's first Swedish designers since Lindau & Lindekrantz in the 1970's.

Stenberg's work ranges from contemporary residential architecture to furniture design, lighting and everyday objects. The design studio emphasize that all concepts are based in deep understanding of the user's needs and utilization. An honest approach to design.

At the center of the Studio is Mattias Stenberg, a former business consultant turned architect and designer. This unique experience offers a special approach design, problem-solving and knowledge.

About Fora Form

Fora Form is one of Scandinavia's largest furniture manufacturers for breakout zones where people meet. Our vision is to facilitate interactions in four focus areas: Eat together, work together, breathe together and experience together.

Since the 1950s, we have used design as a strategic tool to create good meeting places

in contract market.

Through innovation and good design, we will create good interactions wherever people meet in the future.
