

CITY

- in new updated finishes
and upholstery options

"The classic design from Øivind Iversen in 1954 makes the City chair relevant for eternity."

- Fora Form

The City chair has been a best-seller since the '50s, and even won Federation of Norwegian Industries' classic award in 2020. Now we are taking the success of the City chair into the future with new color options and leather upholstery.

"Today, we are cherishing all that is near and raw, the leather upholstery available in three natural colors: Prescott Swamp, Chestnut, and Black Ink. Colors that allow the beautiful curves of the chair to catch the light." Says Head of Marketing at Fora Form Pål Eid-Hviding.

In addition, we are also launching a new color in our plastic range: The golden pink, a warm, and golden pink color (NCS 3215-Y43R).
